This memo is to request:

- (a) Law enforcement actions to protect our business from extreme tax fraud, violations of property owners rights, Constitutional protections (Rights to Equal Protection and Due Process et al), Rules of Law, and justice regarding all the documented illegal acts perpetrated against this good business / citizen / property owner / tax payer by rogue public officials
- (b) Dismissal of foreclosure actions scheduled for February 13, 2015
- (c) Dismissal of fraudulent 2011 tax claim by Bridgeport Township claiming \$200 Base Tax is Due + \$723 Usury. The \$200 is simply an illegal extortion and obstruction of justice to cover up criminal trespass, willful destruction of property and other illegal acts perpetrated by the Township. All legitimate 2011 taxes were paid long ago. THIS is an illegal tax assessed without due process, criminally assessed as "2011 Base Tax".
- (d) One Year Extension on all taxes due to hardship and to allow time for swift corrective and protective actions by Michigan law enforcement and Tax Tribunal for crimes reported AGAIN here today (emails to Tim Novak attached). Please allow time for Bridgeport Township to RESTORE RESIDENTIAL-AGRICULTURE Zoning Status, restore family farming activities and full use of my land, and provide CORRECTED TAX STATEMENTS.

I did not attend the January 8, 2015 Show Cause hearing as I would have been arrested on sight for unlawful Arrest Warrants issued at the behest of corrupted Bridgeport Township, Michigan officials by Judge Terry L Clark (emails to Tim Novak attached).

With this letter, I request that Saginaw Circuit Court revoke said unlawful Warrant and hold Judge Clark Accountable for violating his Oath to uphold Michigan's Constitution and remedy ongoing lawlessness and obstructions of justice perpetrated by Bridgeport officials.

Best regards,

Hello Tim,

Thanks for getting back to me and for your advice:

contacting the Michigan Tax Tribunal to submit a "Property Tax Appeal Petition Form for Special Assessment" and following instructions for hearing tomorrow, which requires a letter be sent to your office. Email this by 5pm today

It is NOW far more serious than the original problem you helped me with last year, giving more time for me to address Bridgeport's illegal activities, tax fraud and wrongful takings of my property simply because:

- 1) I did not mow the farm in 2011 as dictated by rogue Bridgeport Township Democrats. Bridgeport Township's NEW RULES permit crops only < 10" tall. PLEASE NOTE I did pay ALL lawful taxes for 2011. I did not pay for the criminal trespass, warrantless search and willful destruction of my farm without a Warrant and without my knowledge or consent (what is referred to as "unpaid taxes" is false, it is their charge for illegal mowing of the farm).
- 2) The Township singled Mark Adams out to destroy our business and family farm, arbitrarily (without lawful and due process) re-zoning said property from residential-agriculture (which allowed both lawful activities) to residential (vacant), denying my rights to farm, illegally shutting down all lawful farming activities growing experimental crops for biobased lubricants, denying all other economic investments and recreational uses (my neighbors are free to enjoy) with selective and endless harassments, destroying the value of my investments in Saginaw County, Michigan property.
- 3) The Township imposed a stop work order in 2012 thus denying all other lawful uses of the property for advancing wind turbine lubrication, researching and advancing alternative energy resources for off-the-grid farming, denying ALL other economic investment and recreational uses.
- 4) The State of Michigan (Judges Randall Jurens and Terry L. Clark) denied my rights to Equal Protection under the Law, denied me all lawful land uses, ordered the destruction of everything I have worked for, ordered over \$6,000 in unlawful judgements (for land owner initiatives ALL lawful when I bought the property and STILL lawful elsewhere in United States), ordered all electronics from my land, removal of security system and cameras, all landscaping, fences (denied all security and privacy), other property improvements, my licensed Winnebago, fishing dock, raft, observation platform, steps to the river. Then they came for my BBQ grill, solar lights, bird feeder, ice shanty, solar water pump, even a post I put in the ground. In 2014, I suffered 3 unlawful convictions by corrupted Judge Terry Clark for the small Michigan Amish built storage barn I had dropped off. ALL of the aforementioned selective persecutions are retaliation for my investing in the Township I was born in. ALL aforementioned unlawful persecutions are for perfectly lawful and desirable property / business investments and land uses.

5) After your one and only extension in 2014, I promptly sought to resolve these issues with Bridgeport Township, which led to escalated and extreme abuses, assault, abduction, illegal detention, false charges, reckless endangerment, extreme abuses of Rules of Law, Michigan's Constitution and Oaths said public officials were sworn-in to uphold. Go to YouTube, type in "Mark Adams Arrest", the video documents the criminal activities I am STILL seeking law enforcement to resolve and restore my rights and protect all lawful land uses. Here's a link: [https://www.youtube.com/watch?v=zIZd3De\\_JoY](https://www.youtube.com/watch?v=zIZd3De_JoY)

6) ALL law enforcement, prosecutors and judges in SAGINAW COUNTY and STATE OF MICHIGAN have turned a blind eye to the ongoing tax fraud and other criminal activities perpetrated by public officials in their failed extortion attempts. I will pay ALL PROPER TAXES only, and I will pay them promptly.

Please be assured that other than the aforementioned abuses and their after-effects, there is not an economic hardship preventing my paying taxes on time. I will pay 2012 and 2013 taxes as soon as the amounts and land uses are proper and restored to residential agriculture status (same as ALL my neighbors).

For me to pay the illegally imposed residential (vacant) rate would just be wrong and cause further complications.

Please be advised I M NOT FREE TO ATTEND TOMORROW'S HEARING as I would be arrested on sight if I was to go to Bridgeport Township or Saginaw County to resolve these matters (thanks to Judge Terry Clark's corrupted rulings, unlawful judgements and Warrant for my immediate arrest).

Please advise,

Mark Adams

Good Morning Mark,

I apologize I didn't get back with you yesterday. I was out of the office. As you know, I can't make the taxes and penalties go away as I don't have that authority. The property is set to foreclose on unpaid taxes for 2011 and 2012. As far as options go, I can suggest a couple.

The 2012 taxes have not been paid, and I assume you don't dispute this amount. I would grant you a one year extension for the balance owed on the 2011 taxes (the disputed one with the fees added) if you paid the 2012's. *I have attached the most recent Delinquent Tax Notice.*

In the meantime, have you tried contacting the Michigan Tax Tribunal to submit a "Property Tax Appeal Petition Form for Special Assessment". *I have attached a copy of the form* and a cover page with contact information for the Tribunal.

Also, our there is a hearing in Circuit Court TOMORROW for taxpayers who missed the Show Cause Hearing on January 8, 2015. The purpose of the hearing is for property owners to have a last chance to receive an extension on the taxes owed for a property. As you know

our hardship extensions are good for one year. Unfortunately, it is not the forum to dispute the assessment from Bridgeport. *I have attached the instructions for this hearing tomorrow, which requires a letter be sent to our office. You could email this by 5pm today if you are interested in that option.*

I hope this helps. Let me know if you have any questions. Thanks,

Hello Tim,

I am sure you're quite busy with other property seizures, but can you please take a moment to help?

Just because I did not mow the farm in keeping with new Bridgeport "Boss Rules" is not a tax issue and not an offense to justify government takings.

Best regards,

Mark Adams

Hi Tim,

Thanks, but you haven't responded to any of the vital questions regarding your takings of my property.

Please respond in a more professional manner, ASAP regarding the thieving of my land by Bridgeport Township / Saginaw County Tax Fraud. Please cite whatever laws you think justify your actions, turning an invoice for unlawful destruction of my farm into a taking of the farm. This is NOT for unpaid 2011 taxes, as you and Bridgeport Township maintain. Please state exactly why you feel entitled to take my land, what laws apply, what is my recourse.

Thank you,

Mark Adams

Subject: Update and FOIA request Fwd: Tax Fraud

Hello Tim,

Sorry to see you so persistently violating your oath of office and MY Constitutional Rights.

Nearly a week has passed without the courtesy of a response after you advised you were going to (1) continue your criminal collusions with corrupt Bridgeport Township officials, (2) hold a hearing last Wednesday in Saginaw County Circuit Court and (3) steal my land for not paying an invoice following Bridgeport Townships' criminal trespass and willful destruction of farm property. Please respond and advise EXACTLY what is going on? Why did you move forward with your threatened land takings knowing I paid 2011 taxes in full long ago and the scheduled hearing was under fraudulent premise?

As Treasurer, your primary responsibility is to assess the PROPER TAX, in full accordance with our State Constitution and laws. In accordance with FOIA, I respectfully request

- 1) ALL documents and correspondence regarding your planned hearing Feb 19.
- 2) ALL documents and justifications regarding Saginaw County officials denying my attendance / obstruction of justice at your Feb 19, 2014 Circuit Court hearing and the outcome of your illegal court proceedings.
- 3) YOU also issued another takings notice for other upcoming actions. A complete, line item explanation of each tax, and all other payments, add-ons,

fees etc. that go beyond the basic tax, detail all lump sum payments appearing on your threatening notices.

As this regards YOUR illegal initiatives to steal my land, I as that your respond TODAY.

Regards,

Mark Adams

Hello Tim,

I am sorry you have chosen to ignore facts I presented at the January 22, 2014 show-cause hearing (regarding the ongoing criminal activities, tax fraud, abuses of power and human rights by Bridgeport thugs now seeking to steal my land under false pretenses) and are STILL proceeding to steal my land. I am glad I recorded our discussion for evidence.

Sorry to say I cannot expect justice in a Court of Law that violates my Constitutional Rights at the door. I contacted Judge Borchard twice yesterday, but there was no answer and he never called back.

IF I am denied my right to protect myself and have my phone and laptop with me in court (video and audio evidence of criminal corruption and lawlessness by Sheriff, Prosecutor, Judges, Treasurer, etc.), I cannot take part in ANOTHER round of injustice, disregard for the Rules of Law and our

Constitutions.

Attached is the evidence we discussed documenting how Bridgeport turned their ongoing criminal trespasses and destruction of my farm into OUTRAGEOUS Government takings of my land and freedoms.

Please uphold the law today, STOP this madness you are engaging in and drop ALL attempts to steal my land.

ALL 2011 taxes were paid long ago on my property, and you know it. ALL paperwork you've been sending and filing is patently false.

PLEASE TIM, JUST DO THE RIGHT THINGS TODAY, HONOR AND UPHOLD YOUR OATH AND THE CONSTITUTION..

Please phone to discuss.

I am on my way to Court now.

Best regards,

MARK ADAMS

**SUBJECT: This email is to:**

- 1)** request a 15 minute Agenda Item to redress the following grievances with Bridgeport Township officials at our next Bridgeport Township meeting, March 4, 2014
- 2)** advise & invite ALL my elected officials to attend this critical Township meeting and START honoring your Oaths and Constitutions of the USA and State of Michigan you were sworn to uphold

3) call for Michigan law enforcement (ALL jurisdictions) and for a Grand Jury to investigate unlawful activities, abuses of power and remedy Bridgeport political corruption NOW destroying Bridgeport, Saginaw County and Michigan's economies, citizens rights, quality of life and tourism (same as Detroit, Flint, Saginaw, Benton Harbor and other once great and economically viable Michigan cities) became hopelessly corrupted and lawless to the extent they are NOW unConstitutional as Hell, extremely dangerous and undesirable places to build a business or raise a family and on the brink of bankruptcy to where political bosses are appointed to rule over elected officials' decisions. No one wants to live in or travel to a police state where public officials are allowed to conspire against fellow Americans, profit and prosper from ongoing criminal enterprises and human rights violations.

**The REQUESTED APPEARANCE is to redress grievances resulting from over three years perpetual harassments and illegal activities by Bridgeport, Michigan's elected officials, political appointees and hired help who blindly carry out tyrannical orders and hate crimes without regard for citizens Rights, State and Federal Rules of Law. The short list of grievances to be discussed includes but is not limited to Bridgeport Township's :**

- 1) ongoing moral turpitude, unlawful conspiracy and corrupt activities by public officials
- 2) persistent violations of citizens Constitutional rights, State, Federal and International Rules of Law where our business has been forced to attend some 25 corrupt & illegal show trials, extreme restrictions on my rights to due process, freedom of mobility, blocked me from attending International meetings vital to our business, infringing on my rights to freely compete in the global economy, destroying wonderful economic opportunities for Michigan residents, workers, and farmers
- 3) violations of State Open Meetings Act, EXTREME police harassment and violations of citizens rights at public meetings as ordered by Bridgeport's entire Township Board
- 4) violations of Freedom of Information Laws (FOIA review will not be necessary IF Rose Licht and Ron Wheatley fulfill ALL my prior written requests before the meeting)
- 5) cover-up of illegal sewage and hazardous waste dumpings in the Cass River, persistent denials of public oversight, NO TRANSPARENCY of vital public records and blockaded public facilities
- 6) corruption, lawlessness and selective law enforcement by Bridgeport Police Department, Saginaw County Sheriff & Michigan State Police. Law enforcement's repeated failures / refusals to properly use and calibrate electronic devices used over ten years to harass, intimidate and unfairly convict American citizens over ten (10) years (ie. radar, breathalyzers, decibel meters, etc.)
- 7) All public officials who violate their oaths of office should be expelled from office and prosecuted
- 8) Continuing to employ corrupted individuals, like Ron Wheatley and Floyd Kloc from outside the Township, cover-up outrageous violations of property owners rights, misusing public funds to harass citizens and shield corrupted Township Board members from court subpoenas and other legal fallout.
- 9) Hate crimes, perpetual harassments since June 2011 and persistent human rights violations by Township officials as documented in the Township's September 6, 2013 hate letter
- 10) Destroying ALL economic opportunities on private lands while crushing citizens rights and do-it-yourself projects to be safe and secure on their own private property
- 11) Stop issuing contracts to corporations who drafted the corrupted Township Plans and Codes imposed on citizens (i.e. Spicer Engineering)
- 12) Bridgeport Township and State officials need to be CHARGED and PROSECUTED for relentless domestic terrorism of residents, forcing citizens to remove "unpermitted" bird feeders, BBQ grills, solar lights, security systems, landscaping, etc. Bridgeport Township is still in court seeking to remove ALL electronics off the farm
- 13) Bridgeport Township and State officials need to be CHARGED and PROSECUTED for relentless criminal trespasses on citizens land without owners knowledge, consent, or a Warrant.
- 14) Bridgeport Township and State officials need to be CHARGED and PROSECUTED for relentless molestation of citizens rights to equal protection under the law, violations of double jeopardy rules of law resulting in illegal triple convictions each for (a) having a Winnebago and (b) <200 sq. ft. barn on the farm.

**15)** Tax Fraud (billing property owners for criminal acts and costs of selectively and illegally enforcing the new Corporate imposed rules. Then without due process, padding citizens tax bills with fraudulent billings (i.e. \$100 per hour x 2 to mow my farm + \$400 Usury fees). Ultimately stealing the land of citizens not buckling to the extortion (STILL awaiting law enforcement).

**16)** Theft of Agricultural land, rezoning to Residential vacant without any discussion or due process, paying down-and-out-of-town Attorney Floyd Kloc to perpetually harass, deny Right to Farm laws, enforcing Stop Work Order since 2012, NOW seeking to destroy all economic activities & improvements, landscaping, farming, landscaping, business and recreational uses of the land.

**17)** Lawless Bridgeport cops deny Equal Protection Under the Law, NO RESPONSE from County, Township or State police to 911 calls after my Bridgeport property is vandalized and subject to repeated larceny, theft of kayaks, etc.

**18)** Bridgeport's Stop Work Order keeps me forever at risk, no longer free to be safe and secure on my own property. Blocked by Democrats from installing security landscaping, gate or security systems on my land. No freedom from unlawful intrusions and invasions of privacy, NO Regard for civil liberties or Constitutional Rights in Bridgeport Township / Saginaw County / State of Michigan.

**19)** State of Michigan and Bridgeport officials refused to honor and quashed State of Michigan District Court Subpoenas issued in my defense. State of Michigan Judges R Jurrens and T Clark ruled (improperly) that land owners investing in Bridgeport have far fewer rights, opportunities and freedoms than residents AND protects rogue public officials ruling they cannot be compelled to testify

**20)** NOW the Township is paying Spicer Engineering at great expense to taxpayers to build far more extensive Cass riverfront developments than private citizens are free to build for themselves.

**21)** Township sought to have the State incarcerate me December 16, 2013 for the holidays if I didn't pay thousands\$\$\$ (more than BP sold the property for) and succumb to their relentless attempted extortions. ANYTHING can happen when you buy land in a County and State where perpetrators of naked detentions of motorists STILL run free, Milton Hall is assassinated in cold blood, rogue cops and prosecutors takings of perfectly legal inventory & records, then conspired to destroy the Dewes family and Rock A Rolla stores that competed with Chamber of Commerce member businesses.

I further request that Bridgeport Township officials STOP ordering police to violate my Constitutional Rights at public meetings with impunity (I already have 4 video recordings of rogue cops in Bridgeport, ordered by mad, morally corrupted public officials denying my human rights INSIDE Bridgeport Township Hall) , disrupting citizens testimony during public meetings, forcing citizens out of public meetings and public facilities under threats of extreme violence (Taliban Style).

At their March 4, 2014 meeting, I respectfully request that Bridgeport Democrats STRIKE DOWN all their new and unconstitutional "Boss Rule Policies", corrupted Corporate codes and ordinances, STOP ordering local police to harass political adversaries at public meetings. Stop terrorizing citizens, farmers, businesses into accepting Bridgeport's Boss Rule illegal codified "rules of conduct" that restrict public comments on government initiatives adversely affecting citizens quality of life, liberties and economic well being, such as (a) limiting victims' public comments to 3 minutes only per month and (b) codify it as "unlawful" for citizens to come back to Township meetings and discuss the same unresolved issue twice. Corrupt officials, and police who have imposed these clearcut violations of citizens rights should be incarcerated, removed from positions of responsibility and put on a human rights violators registry similar to the State's sexual predators registry.

The public has the right to know about their politicians / Democratic and Republican Parties persistent derelictions of duty, extreme abuses of power, violations of State Open Meetings Act, State FOIA laws, ongoing tax fraud (padding landowners tax bills with unlawful charges, arbitrary takings of Agricultural zoning status, Grand Theft of land and private property owners rights), broad ranging conspiracy engaged in well documented criminal activities, violations of Oaths of Office with impunity by persons STILL on the public payroll, selective law enforcements, deliberate and outright takings of

citizens Constitutional Rights, un-American activities, violating UN Conventions on Human Rights which GUARANTEE ALL citizens EQUAL RIGHTS to Peace, Privacy, Justice, to be Safe and Secure on their own land AND Liberty to engage in all lawful business activities and to freely enjoy Life, Liberty and the Pursuit of Happiness on the farm.

It will take at least 15 minutes, but I can stay as long as you like to review and redress grievances caused by YOUR ongoing Freedom of Information Act violations, four (4) counts of police brutality, harassment and violations of citizens rights as ordered by corrupt Bridgeport officials. Disrespect of Michigan Law and Constitution and harassments are ESCALATING as outlined in the Township's September 6, 2013 letter. ALL economic developments, business and recreational initiatives have been quashed by an ongoing criminal conspiracy of rogue officials STILL on the public payroll.

Americans have the Right to Know all about how elected Democratic Party officials persistent lawlessness, violations of Citizens Rights and Rules of Law, corruption and increasingly outrageous violations of their Oaths of Office have led Bridgeport Township, Saginaw County and the State of Michigan into economic ruin and moral decay. Americans should be protected from rogue Democratic Party operatives seeking to jail property owners not in strict adherence to the demands of the NEW "codes" and "ordinances" as drafted by a Florida Corporation, institutionalized by corrupt officials and prosecuted by hired thugs, down-and-outers from out-of-the-Township who violate citizens Rights without repercussions from law enforcement (ie. Ron Wheatley and Floyd Kloc). Bridgeport's conspiracy and illegal actions (against me and our family business economic interests) began in June 2011 (prohibiting all lawful land uses and economic developments) and NOW demanding the destruction of everything I've worked for.

That these documented illegal actions have been secretly and without due process codified, stacked on the books and upheld by corrupt State of Michigan Attorneys and Judges, County Sheriff and Prosecutor for YEARS qualifies such persistent and ongoing Crimes Against Humanity are now subject to enforcement action by International Criminal Courts. As you have succeeded in unlawfully stealing / taking my land this is your last chance to police yourself, take urgent and responsible actions to STOP bullying, START upholding the law and restoring ALL citizens' rights without further delay.

This email has been forwarded to the aforementioned public officials and law enforcement entities outside Bridgeport Township government as a call for action. Please phone (989-980-4418) or email ([mark@adamsoil.com](mailto:mark@adamsoil.com)) ASAP to arrange a meeting to discuss what YOU can do to STOP ongoing corruption and criminal activities by aforementioned authorities. EACH of the Cc'd individuals are hereby requested to take urgent actions to REVERSE the illegal takings of my land, lift the Stop Work orders, uphold State and Federal laws, restore land and liberties stolen from me by corrupted public officials, stand up for citizens rights and uphold our Constitution.

Those who side with corrupt officials despite full knowledge of these acts of terrorism against good citizens and land owners in Bridgeport, Saginaw County and Michigan **will be named personally in the upcoming Federal Takings Lawsuit to be recover damages following the illegal takings of my family business' Bridgeport property by Bridgeport Township and Saginaw County fascist authorities, February 2014. Tonights' testimony is last call for Bridgeport officials to hear ALL the facts and avoid legal actions against them personally and Bridgeport Township as a hole.**

Sincerely,

Mark Adams
